## Annual HUNTING & HARVEST Survey

**"We're counting on you!"**

For over 20 years, Montana Fish, Wildlife & Parks has conducted an annual telephone survey to gather hunting and harvest information for Montana game species. The survey begins in mid January and continues into March.

Telephone interviewers located across the state call from their homes mid-week evenings and weekends to speak to hunters one-on-one to get the most accurate information possible. Results from the statewide survey are used by wildlife managers to evaluate hunting seasons and to set permit quotas, season dates and other regulations.

So when your phone rings in the coming months, you might not recognize the name on Caller ID but it could be a friendly Fish, Wildlife and Parks interviewer hoping to visit with you about your hunting!

## Stay Informed.
